**Summer is over: The skin treatments we recommend booking now...**

## **1. illumiFacial®**

Naturally brighten the skin with an illumiFacial® treatment which can stimulate collagen, reduce general redness, rid thread veins, clear sunspots & sun damage. All resulting in fresh, illuminated & flawless looking 'airbrushed' skin.

This amazing facial combines a unique Tri-Fruit Acid Peel & a medical-grade Lynton IPL treatment in one. Post peel, your skin will be at its optimum condition for the application of the award-winning Lynton Intense Pulsed Light (IPL) treatment.

The illumiFacial® is perfect if you're looking for that flawless #FilterFree look. This effect will continue to provide further enhancements long after your initial treatment, helping the skin feel & look its best. Enhance your natural 'Filter' today.

---

## 2. IPL & Laser Skin Rejuvenation

Renew & regenerate your skin. IPL & Laser Skin Rejuvenation treatments offer a solution to a range of concerns such as sun-damage, pigmentation, rosacea, acne, thread veins, uneven texture, fine lines & wrinkles.

Not only can Lynton Laser & IPL Skin Rejuvenation treatments target specific skin concerns, but they are also the perfect healthy skin maintenance treatment. Laser & IPL Skin Rejuvenation treatments can be carried out every few months to maintain your skin's health & promote collagen production by combatting the main signs of aging discolouration, lines & wrinkles. By stimulating natural renewal of collagen, we can create natural looking results with little to no downtime.

Please email [thelyntonclinic@lynton.co.uk](mailto:thelyntonclinic@lynton.co.uk) if you have any questions, or to book your consultation.

★★★★★

“

"I have just finished a course of 3 IPL treatments. I'm amazed with the results, the red veins on my face have gone completely. It was great value for money, the staff are really friendly & the clinic is clean, relaxing & I'd certainly recommend it. Many Thanks." - Jill Dwyer
